Key Features & Benefits

FRAME	FSC certified Pine and Plywood frame	We've taken brute strength to the next level with a beefed up frame constructed with sustainably sourced timber
FOUNDATION	Heavy gauge steel Zig Zag springs and pocket coil springs	Provides core foundation and stability to support the comfort foam layers
FOAM	Premium high-density D28 Polyurethane foam, topped with a high quality Polypropylene Dacron layer	Delivers the ultimate in long-lasting seat comfort
MECHANISM	"Jackwell" - Trusted Brand - Tested up to 160kgs at 25,000 cycles	Warrantied for use up to 160kgs, this robust recliner mechanism has been crafted to last - that's 40kg more weight-loading than standard mechanisms!
POWER	Recline at the touch of a button	Power recline allows you to easily put your feet up for effortless comfort
DEVICE CHARGING	USB ports	USB port for charging devices easily found in the hand controller
UPHOLSTERY	Category 60 leather	Highest grade of leather - It is top grain, soft and luxurious to the hand. This leather sits at the top for look, touch and feel
QC CHECKS	Every piece is Quality Control checked before leaving the factory	You can be confident your suite will meet the highest structural and aesthetic standards for long-term use
GENEROUS DIMENSIONS	Wider suite and deeper seat	Enjoy ample space for a more comfortable sit
