FEATURES & BENEFITS

BLUETOOTH AUDIO	Built-in Bluetooth sound system	Enjoy your games with high quality sound from stereo speakers in the chair base. Simply connect via Bluetooth to enjoy
IMMERSIVE AUDIO	Seat-shaking bass enhances games, movies and music	An oscillating module in the seat base pulses & vibrates with the bass of your chosen audio source to immerse you further into the gaming or cinematic experience
DUAL POWERED	Powered recline with zero gravity position & powered headrest	Elevate your comfort level with recliner and headrest that adjust effortlessly at the touch of a button, offering the ultimate in customised comfort, whether you're kicking back or locking in
STORAGE COMPARTMENTS	Hidden storage compartments in the armrests	Keep cables and accessories discretely hidden and stash your controllers after a session in the embedded storage armrest compartments
LED LIGHTS & CUPHOLDERS	LED lights in the cupholder and under the chair	Two cupholders allow you to secure two beverages at one time, and are illuminated by ambient blue LED lights that are also featured underneath the chair for cinematic effect
USB OUTLETS	USB ports located on the armrest	Keep controllers, phones and tablets topped up with convenient USB outlet charging directly in the seat's armrest. USB C on inner side of armrest, and USB A & C inside the storage armrest
FRAME	FSC certified Pine and Plywood frame	A sturdy frame constructed with sustainably sourced timber provides a solid and long-lasting base to the suite
FOUNDATION	Heavy gauge steel Zig Zag springs	The foundation delivers long-lasting support & the first layer of comfort
FOAM	Foam & fibre	The high-density layered foam offers exceptional support, while the luxurious top layer of fibre adds an extra dimension of indulgent comfort
UPHOLSTERY	Stocked in Teramo fabric	Stocked in Black and Charcoal coloured Teramo fabric options
MECHANISM	Tested up to 150kgs at 25,000 cycles	This robust recliner mechanism boasts an impressive 150kg weight-loading capacity (30kg higher than standard mechanisms), ensuring reliable performance for years to come

Bluetooth audio performance, compatibility and audio/video synchronisation depend on the capabilities of the connected console, computer or television. The gaming chair supports Bluetooth 5.3 with SBC and AAC audio codecs. For gaming applications where precise audio/video synchronisation is important, use a 3.5 mm AUX wired connection where available. Consult an AV specialist if you are unsure how this product will integrate with your existing home gaming setup.
